

SmartBar

Assembly Instructions:

Figure 1

Step #1- Attach the left and right brackets to SmartBar by snapping into notched clips. Push brackets onto clips with equal hand force.

CAUTION: Excessive force can damage table clips. (See Fig. 1)

Step #2 - *Permanent Mounting method*

Attach the SmartBar using (20) #12 1" Mounting Screws in the right and left brackets. (See Fig. 2).

Step #3 - *Removable Mounting Method*

Determine the height of the SmartBar and mark holes in the mounting bracket keyholes. Attach the mounting knobs using (4) #12 1-1/2" Mounting Screws. Place the bar onto the mounting knobs and snap into place. (See Fig. 3).
